### **Reasons for Allowance**

1. Applicants' response to the last Office Action, filed 05/15/2009 has been entered and made of record.

2. The following is an examiner's statement of reasons for allowance:

Independent Claims 1,10 are allowable over the prior art of record. Claims 2-7,9 depend on claim 1. Claims 11-17 depend from Claim 10. Thus, Claims 1-7, 9-17 are allowed. Independent Claims 1, 10 recite the limitation,

one filtration takes place in the main direction and another filtration takes place at right angles to this; wherein in order to filter a tile of said known side length, that does not overlap with adjacent tiles, a larger tile is formed that partially overlaps the adjacent tiles and is of a size having a diagonal of at least double the known side length of the original tile, and after the rotation, a block having a diagonal corresponding to the larger tile is buffered and filtration of the buffered block is performed in a square having a side length corresponding to at least a diagonal of said original tile; and using the program that is stored in the program memory, the filtered tile is rotated back again to obtain a filtered tile of said known side length.

The combination of these features as cited in the claims in combination with the other limitations of the claims, are neither disclosed nor suggested by the prior art of record.

3. In view of the amended claims and the Applicant's arguments, the rejections to claims 1-7, 9-17 are expressly withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should

preferably accompany the issue fee. Such submissions should be clearly labeled

"Comments on Statement of Reasons for Allowance."

### ***Conclusion***
